Subject: Genesis Resources Ltd - Mining Management Plan for EL24839

Hello Mr Patrick Brown,

On the 1st January 2016, the NT Government implemented stronger land access requirements regarding consultation with landowners, managers and other stakeholder groups.

Please refer to the letter attached regarding a Land Access Agreement and Mining Management Plan (MMP).

We are only planning on undertaking some mapping and rock chip sampling.

I will send the Appendices for the MMP in another email.

Can you please confirm if you are happy with a "handshake type agreement" for Land Access? An email response is sufficient.

Kind regards

Dayna Healey
